

# A WHOLE NEW WAY TO DO PRIMARY CARE

Your Virtual Care Team is coming in 2023

If you've been looking for primary care that's convenient, thorough, engaging, and modern, we're on it. Starting next year, you can choose a virtual primary care provider (PCP) to lead your new Virtual Care Team.

## PRIMARY CARE THAT'S A PRIME EXPERIENCE

It's a new kind of primary care — one that comes with a team of experts committed to getting you the care you need.

### CONVENIENT

With virtual visits, there's no need to travel to the doctor's office and no waiting room.

### COMPREHENSIVE

Your team is here to make sure your physical and mental health needs are met.

### COORDINATED

If you need in-person care, a care coordinator will help find in-network specialists who work for you.

# HERE'S HOW IT WORKS

START BY PICKING  
YOUR VIRTUAL PCP

ENJOY MORE  
CONVENIENT CARE

GET THE BEST  
OF BOTH WORLDS

To get started with your Virtual Care Team, the first step is selecting a virtual PCP. You'll also get access to a care coordinator, and your team may include other experts, such as a mental health specialist, picked based on your health needs. It's the care you need most, in the most convenient way.

Scheduling visits is as easy as hopping online, with appointments available in days, and you can get them within days, not weeks. Plus, you can reach out to your team with questions via talk, text, email, and chat. It's care that works on your terms, on your schedule, wherever you are, with a level of communication, technology, and access that will surprise you.

After your first visit, you'll receive a welcome kit which may include connected medical devices, like a blood pressure monitor, that make your virtual care as thorough as in-person sessions. When you do need in-person care, your team will help find a specialist who works for you and follow up with you after the appointment.
