### **Frequently Asked Questions**

#### Why is having identity & fraud protection so important?

**A.** Everything you do is online, which makes your personal info more vulnerable. Get peace of mind knowing that you've taken a big step in protecting yourself from online threats, identity theft, and fraud.

#### What are some of the benefits of this protection?

A. Aura offers robust protection by monitoring your personal info, credit, finances, and devices and alerting you of suspicious activity. It's proactive protection to help stop threats before they strike. If you are a victim of fraud, an experienced Resolution Specialist will help you navigate credit bureaus, help initiate credit freezes or a credit lock, and work with you to resolve your fraud incident.

#### Who can I protect with a Family plan?

**A.** Account owners can add up to 10 adults to their plan. There are no restrictions on adult family members – no matter where they live, their age, relationship, or whether they are financially dependent on the employee. Each adult member gets their own private, full-feature Aura account.

Account owners may also add unlimited minors (under 18) to their plan if they have parental guardianship rights over the minor. The minor's alerts will be available for only the account owner to review.

#### How do I pay for my identity and fraud protection?

**A.** Fees will be paid through payroll deduction, so you don't have to worry about writing a check or missing a payment.
