

AFFORDABLE CARE ACT (ACA)

MEDICATION LIST

For plans that use the:

- Blue Cross Blue Shield of Massachusetts Formulary
- Standard Control with Advanced Control Specialty Formulary

THE PHARMACY THAT COMES TO YOU AND SAVES YOU MONEY

With the mail service pharmacy, most maintenance medications can be automatically refilled and shipped every 90 days at a lower cost.*

To start, download the MyBlue app, or create an account at bluecrossma.org. Once signed in, click **Pharmacy Benefit Manager** under **My Medications**, then go to **Start Rx Delivery by Mail** under the **Prescriptions** tab. You can also call CVS Customer Care at **1-877-817-0477 (TTY: 711)**.

*Not all medications are available through the mail service pharmacy. Check your plan details to see if the mail service pharmacy is included with your plan.

PREVENTIVE MEDICATIONS COVERED BY THE AFFORDABLE CARE ACT

The medications on this list are available to eligible members at no additional cost. They aren't covered in full by all plans that are grandfathered under the ACA.

This isn't a complete list of covered medications, and inclusion on this list doesn't guarantee coverage.¹ You must have a valid prescription from a licensed health provider to receive coverage for these medications. Some medications may also be subject to pharmacy management programs, such as Step Therapy, Prior Authorization, or Quality Care Dosing, or have other coverage requirements.

NOTE: Some medications on this list may be considered non-covered, including new medications under review by Blue Cross, or may have their coverage changed. Brand-name medications may be removed from this list and considered non-covered, or may be covered at a higher cost share, if a generic version becomes available during the year. Your doctor may request an exception for a non-covered medication when medically necessary.²

Learn More About Your Coverage

For more information about coverage for these medications, sign in to MyBlue at bluecrossma.org or open the MyBlue app, then go to **Medication Lookup Tool** under **My Medications**.

If you're not a member, you can get more information by visiting bluecrossma.org/medication.

1. Not all medications listed are covered by all prescription plans. Check your benefit materials for details.

2. If approved, you'd pay the highest-tier cost.
